In Science, we will be learning about the weather and focusing on wind, temperature and precipitation which will include lots of investigative work. We will also be continuing our music, PSHE and PE lessons.

We will be continuing daily Little Wandle phonic lessons to help build our reading skills. The children will also be having small group reading sessions, three times a week. As we approach the Phonic Screening Check at the beginning of term 6, we will be preparing the children as much as we can with extra phonic activities in class.

Your child will bring home reading books on a **Thursday**. Reading at home is so important and will help your child become a confident learner. Your support in helping your child learn to read is vital. Please read with your child daily at home and sign their reading diary every time you hear them read.
